Tip from the State Scribe
Hey Brother Scribes, here’s a tip to help you with your duties:

A Scribe should use Social Media to promote the Events and Activities of
the Chapter to it's members, supporters and the Public.

This will help your Chapter gain publicity by promoting your activities and
events, and help the Order grow by getting the word out about how great
DeMolay and your Chapter are!

Just remember, a great Scribe must always be Accurate, Responsible, Dependable, and a Self-
Starter!

Fraternally,

Jose L.
State Scribe, Florida DeMolay

Share the Road

Remember that you are not the only driver on the road. An important safety tip that everyone needs to follow is the need to share the road with others graciously, recognizing that all drivers deserve to be treated with respect.

When in doubt, yield
If you aren’t certain who has the right of way, err on the side of caution. If you know you have the right of way, but another motorist seems to disagree, give in. Better to lose a bit of time than to get caught in a collision. According the Insurance Institute for Highway Safety, men have a harder time yielding the right of way, with a ratio of 1.5 to 1 for ‘failure to yield’ violations.

Keep a buffer between yourself and other motorists
Tailgating leads to rear-end collisions, and you will be the one to foot the bill for the repairs. The NHTSA estimates that 1/3 of all traffic accidents are caused by tailgating, and could be prevented with proper distance. Allow at least two seconds of lead time in good weather, more in bad weather.
